Caesarstone quartz – beauty and strength combined

Quartz is more than just beautiful. It is also one of nature's strongest minerals. Resistant to stains, scratches and cracks, quartz is impervious to heat, cold and common household chemicals. Caesarstone surfaces combine form and function, allowing for the most diverse, durable and practical applications. Our surfaces retain the cool, tactile qualities of natural stone, while offering design freedom with almost unlimited application possibilities. Since 1987 Caesarstone has been pioneering with quartz, developing thousands of designs and launching hundreds of successful new products. With our residential lifetime warranty we guarantee continued product support.

Introducing new 2017 granite inspired designs

Our newest additions are inspired by the delicate beauty of nature. Caesarstone designs achieve the exquisite appearance of natural stone and carry forward a symphony of intricate veins, bold colours and textures.

Easy care and maintenance

Containing up to 93% pure, natural quartz, Caesarstone surfaces never need sealing and require minimal maintenance to keep them looking like new. Its hard, non-penetrable surface makes cleaning simple and saves you precious time. In most cases, soap and water or a mild detergent are all that's required to maintain their long lasting luster.

Lifetime warranty

Combining practicality with design, Caesarstone recognizes that surfaces are an important and significant investment. With our residential lifetime warranty, consumers can rest assured knowing they are protected. We pride ourselves on product support and promise you an efficient, responsive customer care and ensure you derive maximum satisfaction from your Caesarstone product. You can register your lifetime warranty online at Caesarstone.ca.

Caesarstone slab ID

The underside of every Caesarstone slab is uniquely stamped with identification information establishing authenticity.
